Shipment Trend Over Time

Business Insights & Conclusion

Sales Insights

- Total sales exceeded \$2.3M with strong overall business growth.
- Profit margin remained stable at around 12.46%.
- Monthly sales trends showed steady performance throughout the year.

Product & Customer Insights

- Technology category generated the highest profit contribution.
- Phones, Chairs, and Storage were the best-performing sub-categories.
- Consumer segment customers contributed the highest number of orders.

Delivery & Regional Insights

- West and East regions recorded the highest sales and shipment activity.
- Standard Class was the most preferred shipping method.
- Average delivery time remained around 4 days across shipments.
- First Class shipping provided faster deliveries compared to other shipping modes.

Conclusion

This dashboard provides a complete analysis of supermarket sales, product performance, customer behavior, and shipping operations. The insights generated from the data help identify top-performing categories, profitable products, customer trends, and delivery performance. Overall, the dashboard supports better business decision-making, operational efficiency, and future business growth.
